JANUARY 29, 2019 TUESDAY 12:00 P.M. VOL. 80 NO. 17

THIS TUESDAY

Peggy Kuo and Jillian Nunez will be our speakers for the day. They have a passion for working with our Youth Committee. Some of the members will also be in attendance.

LAST TUESDAY

Our speaker for the day was Ellen S. Simon. Ellen is the Executive Director for the Hear Center in Pasadena. Their vision is to offer complete and affordable hearing and speech services and is dedicated to helping people at all stages of life be a part of the hearing and speaking world.

The HEAR Center was founded in 1954 by Ciwa Griffiths, Ed.D. As a dedicated teacher of the deaf, she developed the Auditory Approach: helping hearing-impaired children gain the gift of speech through early identification of hearing loss, amplification with hearing aids and training in learning to listen and speak.

Close friends of Dr. Griffiths and true believers in her vision, Glen and Margaret Bollinger gave significant funding to the HEAR Center to expand her vision. In January of 1969 they broke ground on their headquarters in Pasadena. Dr. Griffiths promoted the idea that if you place hearing aids on children identified with hearing loss at a young age, the child could have a significantly increased chance of learning to speak normally. She had studied the specialized education of deaf children in London with educators who were performing ground-breaking research. It was there that Dr. Griffiths first observed the impact of early amplification.

She vigorously and emphatically shared the truth that there are varying degrees of hearing loss and that the evaluation of hearing ability at an early age was critical to the quality of life for these children. Her advocacy for not giving up on children that others were ready to dismiss as totally deaf helped to bring about the awareness that these children could learn to listen and speak.

Matt Smith is announcing the February 6 Ronald McDonald Meals of Love. The theme is chicken with the Main Dish by Steve Montesanti and Helen Marston, Salad by Dawn Tarin and Bob Rodenbucher, Bread by Dave Seltman, Drinks by Cindy Vance, Dessert by Ron Dorazio and Kathy Perini. Bob Rodenbucher is the driver. **Meals of Love for March and April will be provided by Cloverly Elementary School.**

STUDENTS OF THE MONTH

We welcomed three outstanding students from Longden Elementary School, and two students from Cloverly Elementary School. Accompanying the students from Longden was their teacher Mrs. Karen Hsieh. Students from Cloverly were joined by Principal Stephen Martin Edo and teacher Mr. Allen Wong.

Justin is 11 years old and has three older sisters. He enjoys all sorts of electronic devices. Justin said, "The best things about Longden Elementary are trying my best to get good grades, listening more in class, and being the best in math". The best thing that ever happened was becoming a Student of the Month. If he could change one thing, it would be to get rid of all sickness. If he could build one thing, it would be a time machine to go back in time. Personal goals are to get at least three A's in all subjects, pay attention and listen in class, get a good job so he is not homeless when he grows up.

Bryanna is 11 years old and has three brothers and sisters. She enjoys playing soccer. Bryanna said, "The best things about Longden Elementary are the Principal, teachers, and recess". The best thing that ever happened was seeing her brother and sisters for the first time. If she could change one thing, it would be to allow students to bring dogs to school. If she could build one thing, it would be an animal clinic and shelter. Personal goals are to become a veterinarian, have a big house, and to drive a Range Rover.

Maximus is 11 years old and has a brother and sister. He enjoys swimming, rock climbing, and going to the beach. Maximus said, "The best things about Longden Elementary are the science classes, P.E., and recess". The best thing that ever happened was having three dogs. If he could change one thing, it would be to stop littering. If he could build one thing, it would be a huge aquarium for endangered sea life. Personal goals are to improve his swimming and high dive, to understand math, and to write better.

George is 11 years old and in Mrs. Rivera's class. He has a younger sister and enjoys cycling, reading, music, art, and video games. George said, "The best things about Cloverly Elementary are the math classes, my friends, Mr. Edo, and all my teachers". The best thing that ever happened was being chosen as a Super Star last September. If he could change one thing, it would be to make sure everyone has the same opportunity to become who they want to be. If he could build one thing, it would be a website to earn institutional funds for schools and homeless organizations. Personal goals are to get good grades, help more people, and focus more on education.

Lilyanna is 11 years old and in Mr. Wong's class. She has two older sister's and enjoys soccer, photography, and Girl Scouts. Lilyanna said, "The best things about Cloverly Elementary are the clean campus, kids helping each other, and there is always someone there to help you". The best thing that ever happened was having money to eat. If she could change one thing, it would be to help the homeless. If she could build one thing, it would be a place where people with very little money could eat for free. Personal goals are to get straight A's, help the homeless, and help people with suicidal thoughts.

KIWANIS KALANDAR

January 29 - Peggy Kuo and Jillian Nunez will talk about the Youth Committee.

February 2 - Lunar New Year Celebration at Temple City Park 1-4 p.m.

February 5 - Oak Avenue Vice Principal Daryl Topalian
