FEBRUARY 26, 2019 TUESDAY 12:00 P.M. VOL. 80 NO. 21

THIS TUESDAY

Joan Viscarra will tell us all about marriage.

LAST TUESDAY

We welcomed the 75th Annual Camellia Festival Royal Court. Carole Rodenbucher stood in for Bob Rodenbucher. Congratulations to Carole and your editor for being appointed to the newly formed Committee on Aging. Dawn Tarin is extremely busy with all things Camellia Festival while being deeply concerned about her uncle's health. Our thoughts are with Cindy Vance with the passing of her sister-in-law due to flu complications. Tom Millham has reported that Jackie Millham suffered a fall and ended up in the hospital with 16 stitches. Matt Smith has reported that Cloverly Elementary School will take on the Ronald McDonald Meals of Love for March and May.

We only have two major fund-raisers a year. Our Pancake Breakfast is this Saturday. Super organizer Steve Montesanti need all able-bodied members to be on hand to help. He would appreciate you being at the Amida Society at 5:30 a.m..

STUDENTS OF THE MONTH

We welcomed two outstanding students from the Dr. Doug Sears Learning Center. The students were accompanied by DDSLC teacher Mrs. Dolores Lopez.

Trinity is 18 years old and in Mrs. Lopez and Mrs. Lozier class. She enjoys reading, sewing, photography, painting, writing, and nature. Trinity said, "The best things about the Learning Center are the small campus, and everyone is nice". The best thing that ever happened was having her own credit card. If she could change one thing, it would be to work on her communication skills. If she could build one thing, it would be a homeless shelter where she could feed homeless people. Personal goals are to become physically fit, sew more, and to graduate.

George is 16 years old and in Mrs. Lopez class. He enjoys games, 3D modeling, and designing things. George said, "The best things about the Learning Center are the graphics class, the quiet work space, and no homework (everything is done in class)". The best thing that ever happened was learning 3D modeling. If he could change one thing, it would be the computer setup he currently owns. If he could build one thing, it would be to work on one of his game concepts. Personal goals are to learn Blender in Motion and master it, learn basic coding, and to start working on a game with a team of developers.
