MARCH 5, 2019 TUESDAY 12:00 P.M. VOL. 80 NO. 22

THIS TUESDAY

Bob Lagunas will give us the inside scoop about what it takes to produce the Rose Parade Kiwanis Float that International wants to take all the credit for.

LAST TUESDAY

Guests in attendance were Cheryl Robuck and Barbara Dorazio. Our speaker for the day was Joan Vizcarra. She was ably introduced by Fernando. Joan went back to school seventeen years ago to get her Master's Degree. She went from a real estate broker to ultimately become a Marriage and Family Therapist. She has an office in Glendora, and yes it has a sofa.

She has seen everyone from 5 to 87 helping them overcome their fears and anxieties. Marriage and family therapists treat a wide range of serious clinical problems including: depression, marital problems, anxiety, individual psychological problems, and child-parent problems.

Research indicates that marriage and family therapy is as effective, and in some cases more effective than standard and/or individual treatments for many mental health problems such as: adult schizophrenia, affective (mood) disorders, adult alcoholism and drug abuse, children's conduct disorders, adolescent drug abuse, anorexia in young adult women, childhood autism, chronic physical illness in adults and children, and marital distress and conflict.

Marriage and Family Therapists (MFTs) are mental health professionals trained in psychotherapy and family systems, and licensed to diagnose and treat mental and emotional disorders within the context of marriage, couples and family systems.

Vern Viscarra was the big winner of the "opportunity drawing" with \$274.

STUDENTS OF THE MONTH

We welcomed two outstanding students from Cloverly Elementary School and three students from Longden Elementary School. The teachers that accompanied the students from Cloverly was Ms. Krista Carlson, and Mr. Greg Shahoian from Longden.

Raymond is 12 years old and in Ms. Tenney's class. He enjoys meeting new friends, and running. Raymond said, "The best things about Cloverly are all my friends at school, the really nice teachers, and learning something new every day". The best thing that ever happened was going to school for the very first time. If he could change one thing, it would be to end world hunger. If he could build one thing, it would be a time machine to go back in time when he did something bad. Personal goals are to make friends with all the people he meets, do well in school, attend college and have a successful career.

Kara is 11 years old and in Ms. Carlson's class. She has a brother and sister and enjoys arts and crafts, reading, sketching, and playing on her phone. Kara said, "The best things about Cloverly are the amazing staff, the cool activities we are allowed to do, and the great school environment". The best thing that ever happened was going to Science Olympiad and experiencing something new. If she could change one thing, it would be to change the grading system used for fourth and fifth grade back to letter grades because numbers are confusing. If she could build one thing, it would be a homeless shelter for people in need. Personal goals are to stop procrastinating, study more, and improve her grades.

Joshua is 11 years old and has four brothers and sisters. He enjoys playing baseball, basketball, and playing with his pet rabbit. Joshua said, "The best things about Longden are all my friends, the school Staff, and playground equipment". The best thing that ever happened was having his mom marry his step-dad. If he could change one thing, it would be to have the human body become immune to chronic illnesses. If he could build one thing, it would be a machine to transport a person or item to another place in seconds. Personal goals are to receive the Presidential Award, be a better baseball catcher, and be mentally prepared for the 7th grade at Oak Avenue.

Lilyana is 11 years old and has a younger sister. She enjoys playing soccer, and drumming on buckets with Ms. Dorazio. Lilyana said, "The best things about Longden are lunch on the lawn, dress up days, and the field trips". The best thing that ever happened was winning first place in soccer in her first year. If she could change one thing, it would be stop violence and bullying. If she could build one thing, it would be a giant roller coaster that travels the world. Personal goals are to become a professional soccer player, become a firefighter, and be able to skydive.

Anahi is 12 years old and has two younger sisters. She enjoys art. Anahi said, "The best things about Longden are my friends, the teachers, and the activities". The best thing that ever happened was going to Disneyland for the first time on her 7th birthday. If she could change one thing, it would be the way she study's things. Anahi said, If she could build one thing, it would be a statue of God to show His greatness He has done to the world. Personal goals are to try new things, do better on tests, and learn new things.

KIWANIS KALANDAR

March 5 - Bob Lagunas will talk about all things Kiwanis including the Rose Float
March 12 - Nancy Chan will speak about Elder Abuse and Title frauds.
March 19 - No meeting at North Woods
March 21 - Division Ten noon Interclub at a restaurant somewhere in Pasadena

QUOTE OF THE WEEK

It is not happy people who are grateful. It is grateful people who are happy."

See you Tuesday, Jerry
