Rose Float Club

Saturdays only as needed

City Bank Basement

315 E Colorado Blvd., Pasadena

MARCH 12, 2019 TUESDAY 12:00 P.M. VOL. 80 NO. 23

THIS TUESDAY

Courtesy of Helen Marston. Nancy Chan will speak about Elder Abuse and Title frauds.

LAST TUESDAY

Good thing we had Students of the Month from Temple City High School and Oak Avenue because Bob Lagunas was a no-show. I think he was sighted in Laguna Beach.

It was erroneously reported by this intrepid reporter that Vern Vizcarra was the big winner of the "opportunity drawing" with \$274. It was actually "Fern" as in Fernando that won the money. IRS has been notified of the error for the 1099.

The Division 10 DCM scheduled for March 21st will be held as an Interclub with the Aktion Club of the San Gabriel Valley and with the Aktion Club of Villa Esperanza Services on Thursday, March 21st at 12:00 Noon. Lunch will be provided by the Stonefire Grill and the cost will be \$20 per person attending. The DCM will take place on the Campus of Villa Esperanza Services, which is located at 2116 East Villa Street, Pasadena, CA 91107. The only parking that will be available is "street parking", and it is strongly suggested that attendees try to car pool.

Our thoughts are with Bill Hohl as he has been diagnosed with esophagus cancer. He wish him a speedy recovery. The final report is not available for the Pancake Breakfast but the preliminary report is 298 served with a net profit of about \$2,000. This amount has been consistent with previous years. Thank you to all that donated for supplies.

Congratulations to Temple City High School for being has been named a 2019 California Distinguished School, the state's top award for campuses. TCHS is among 162 middle and high schools in the state, and one of only a handful of non-charter and non-magnet schools in Los Angeles County, to receive the honor.

STUDENTS OF THE MONTH

We welcomed two outstanding students from Temple City High School and three students from Oak Avenue Intermediate School. The teachers/administrators that accompanied the students from TCHS were Vice Principal Elena Li and Debra Maurey from Oak Avenue Intermediate School.

Joe is 17 years old and in Ms. Kenderes' class. He has an older brother and enjoys drawing. Joe said, "The best things about TCHS are the caring and interactive teachers, places a priority on student safety, and the fun social activities". The best thing that ever happened was going to Taiwan with friends. If he could change one thing, it would have been to try harder in his freshman and sophomore years. If he could build one thing, it would be a mentally and emotionally closer bond with his parents. Personal goals are to get into art college, pay back his parents for everything, and live a comfortable life.

Janna is 17 years old and in Ms. Sisson's class. She has an older brother and enjoys hiking, nature, reading, walks in the park, sleeping, and track and field events. Janna said, "The best things about TCHS are the constant desire to improve, the willingness of faculty to help, and the amount of available resources". The best thing that ever happened was being born to supportive parents, and all the opportunities available to her. If she could change one thing, it would be the amount of hateful rhetoric people spew carelessly to others. If she could build one thing, it would be a device to suck the toxins, such as carbon dioxide emissions from the atmosphere. Personal goals are to hear good news from the colleges/universities she applied to, and focus on her own growth as a daughter, friend and sister.

Kaida is 13 years old and has four brothers and sisters. She enjoys playing volleyball, drawing, and having fun. Kaida said, "The best things about Oak Avenue are the students, teachers, and the lessons learned". The best thing that ever happened was meeting all her friends who always have her back and are kind. If she could change one thing, it would be the peer pressure from teenagers and adults. If she could build one thing, it would be a giant house for anyone who doesn't have a place to live. Personal goals are to discover a life career, and be thinking of a good college to attend.

Sahara is 14 years old and has an older brother. She enjoys Do-It-Yourself crafts, ceramics, and soccer. Sahara said, "The best things about Oak Avenue are the enrichment classes, the teachers, campus, and students". The best thing that ever happened was going to Florida with her father and going on the Fun Spot Sky Coaster. If she could change one thing, it would be global warming and its effect on the world. If she could build one thing, it would be a "cloudy and a chance of rain meatballs food machine to solve world hunger". Personal goals are to get into CSArts, go to Germany with her dad, and get a 4.0 GPA at Oak.

Chesnee is 14 years old and has two brothers. She enjoys playing video games. Chesnee said, "The best things about Oak Avenue is the teriyaki chicken, the loving teachers, and my great friends". The best thing that ever happened was going to Chicago and having a great time. If she could change one thing, it would be to stop human trafficking. If she could build one thing, it would be a electromagnetic force field that keeps bugs away. Personal goals are to pass all her classes, finish her college education, and have a healthy life style.

KIWANIS KALANDAR

March 12 - Nancy Chan will speak about Elder Abuse and Title frauds.

March 19 - No meeting at North Woods

March 21 - Division Ten noon Interclub at 2116 E Villa St, Pasadena

April 2 - No students because of Spring Break. We will be discussing the Club By-Laws.

April 23 - Cloverly Principal Stephen Martin Edo

QUOTE OF THE WEEK

Sometimes someone unexpected comes into your life outta nowhere, makes your heart race and changes you forever...We call the people police."

See you Tuesday, Jerry
