APRIL 2, 2019 TUESDAY 12:00 P.M. VOL. 80 NO. 26

THIS TUESDAY

We will be discussing our club by-laws. No Students of the Month because of Spring Break.

LAST TUESDAY

Thank you to Cloverly Principal Stephen Martin Edo for bringing his students who demonstrated their student-run news program. Computer coding is offered to every student. It is the largest growing sector in demand for college graduates. Temple City Unified School District implemented Code To The Future a few years ago where kids from Kindergarten to 6th grade participate in coding (writing computer language). Cloverly was one of the first schools to have a one-to-one ratio of either a Chromebook or laptop device for each student.

Cloverly is the only Temple City elementary school to win the Science Olympiad four times with gold medals. The math Olympiad team for the last two years has placed in the top 2% and 10% worldwide. Cloverly currently has a student who came in first place against many other well known schools in the area.

Many thanks to Oak Avenue teacher Jessica Westgate Goold for her work in establishing the Builders Club again at Oak. Dawn Tarin's dog is doing well after an allergic reaction to medications.

The Division Ten Interclub was well attended at Villa Esperanza last week. There are 50 Aktion Club in Southern California. Aktion Club is an official Kiwanis International Sponsored Service Leadership program oriented to adult citizens who live with disabilities and who are interested in service to their communities. Aktion Club is the newest member of the Service Leadership Programs sponsored by Kiwanis International.

Aktion Club members meet regularly where they develop leadership skills, learn about issues of interest, plan service and fundraising projects and enjoy Kiwanis Aktion Club fellowship. Aktion Club members perform a variety of community services, such as environmental projects, park beautification, help at homeless shelters, nursing home visitations, and assisting their sponsoring Kiwanis Club with their projects. Aktion Clubs also take time out for fun! Aktion Club members visit local attractions, go to sporting events, conventions, hold dances, and enjoy bowling among other activities. The Aktion Clubs of the Cal-Nev-Ha District provide leadership and service opportunities in 49 clubs to over 1300 individuals with special needs and intellectual disabilities.

Because of Spring Break, Cloverly will do Ronald McDonald Meals of Love in May instead of April. We will provide meals on Wednesday, April 3. The theme is beef with the main dish by Matt Smith and Jerry Jambazian, Salad by Steve Montesanti and Helen Marston, Bread by Kathy Perini, Dessert by Dawn Tarin and Rob Rodenbacher, Drinks by Ron Dorazio.

We wish the best for Ron Dorazio as he will be having his second knee surgery Thursday. Have a speedy recovery just like last time Ron.

STUDENTS OF THE MONTH

We welcomed three outstanding students from Longden Elementary School along with two students from Cloverly Elementary School. Accompanying the Longden students were teacher, Mr. David Alonzo and school secretary Leigh Cobb. Cloverly Principal Stephen Martin Edo and Allen Wong cheered on their two students along with the father of Robert Lozano.

Koichi is 11 years old and in the 6th grade. He has two brothers and a sister. He enjoys going hiking. Koichi said, "The best things about Longden are my friends, math, and P.E.". The best thing that ever happened was meeting his best friend Aden. If he could change one thing, it would be for his reading level to be higher. If he could build one thing, it would be a science tower for Longden school. Personal goals are to finish the sixth grade, become a better reader, and graduate from high school.

Aden is 12 years old and in the 6th grade. He has a younger sister Zoey. He enjoys bike riding, and Lego sets. Aden said, "The best things about Longden are my friends, reading, and the school safety". The best thing that ever happened was when he moved to Temple City. If he could change one thing, it would be to end world hunger. If he could build one thing, it would be a homeless shelter. Personal goals are to finish the sixth grade, go to Oak Avenue Intermediate School to improve his education, and eventually go to Temple City High School.

Eileen (not pictured) is 12 years old and enjoys reading books, and doing art projects. Eileen said, "The best things about Longden are making friends, and the small class size". The best thing that ever happened was getting her guinea pig Timmy. If she could change one thing, it would be to change world pollution and make it a healthier, greener environment. If she could build one thing, it would be a giant birdcage for all the birds in her father's backyard. Personal goals are to promote to the 7th grade, get through Oak Avenue, and eventually graduate from college.

Megan is 11 years old and in the 6th grade. She is in Mrs. Rivera's class and has a younger sister. She enjoys art, music, video games, Anime, and Manga. Megan said, "The best things about Cloverly is the staff is nice and cares about the students, the students are nice, and the education is good". The best thing that ever happened was being chosen as a Kiwanis Student of the Month. If she could change one thing, it would be for people to stop using violence for solving their problems. If she could build one thing, it would be a machine that runs on water and gets rid of trash without any pollution. Personal goals are to pass her piano exam, that her sister's special needs be cured, and that people would stop littering.

Robert is 11 years old and in the 6th grade. He is in Mr. Wong's class and has four sister's. He enjoys drawing. Robert said, "The best things about Cloverly are his two teachers, going to school with his cousin, and learning new things". The best thing that ever happened was being born to caring parents. If he could change one thing, it would be to end all sickness. If he could build one thing, it would be a machine that makes food for the entire family. Personal goals are to get straight A's, read more books with his free time, and learn to play the piano.

KIWANIS KALANDAR

April 2 - No students because of Spring Break. We will be discussing the Club By-Laws.

April 2 - Board Meeting at District Office @ 5:30 p.m.

April 3 - Ronald Mc Donald Meals of Love
