APRIL 30, 2019 TUESDAY 12:00 P.M. VOL. 80 NO. 30

THIS TUESDAY

Another mystery program.

LAST TUESDAY

We were pleased to have our Key Club officers in attendance today along with Rosemead members Ron and Jan Robertson. Tyler Lee is the incoming 2019-2020 TCHS Key Club President. Current President Samantha Chang and Vice-President Tiffany Hsieh were very enthusiastic while outlining all their achievements this year. They took a club that was in trouble and put it on the map again. At the recent Key Club Convention they received "The Most Improved Club" award.

We received a thank you note from Mayor Nanette Fish for our help and donation at the recent Mayor's Community Prayer Breakfast. It was good to see Ron Dorazio at our meeting. His recovery and rehab are going a little slow, but he is coping with his recent knee replacement surgery. Mike Lepore's nephew is recovering from multiple broken bones and surgeries after a motorcycle accident. Dawn Tarin is happy that her son Michael has been accepted to Cal State Fullerton for his Political Science degree.

On Tuesday, May 14, there will be a vote to approve the revised bylaws and the proposed slate of officers for the 2019-2020 year. Mike "I'm workin on it" Lepore offers these stellar picks: President, Cindy Vance; Vice-President, Fern Vizcarra; Treasurer, Dawn Tarin; Secretary, Ron Dorazio; IPP, Cindy Vance; Directors: Matt Smith, Jerry Jambazian, Mike Lepore, and Steve Montesanti.

Bob Rodenbucher has tickets for sale for the annual Temple City Sportsmen Club Fish Fry. The event is May 18 at the Arcadia Center (near the race track). It is a great all-you-can-eat dinner with prizes for almost everyone. All this for \$15 a copy.

STUDENTS OF THE MONTH

We welcomed three outstanding students from Longden Elementary School. Longden is celebrating 110 years of learning excellence. Accompanying the students was Principal Aaron Chang and the students teacher, Crtstal King.

Roger is 10 years old and has a younger sister. He enjoys playing tether ball, handball, flag football, dodgeball, basketball, and the cool math games. Roger said, "The best things about Longden Elementary are the fun and hard projects, writing and math are my favorite subjects". The best thing that ever happened was finding a four leaf clover. If he could create one thing it would be toy that runs on gas. If he could build one thing, it would be a voice activated house with a tall gate that he could open by saying open sesame. Personal goals are to run faster, play more sports, and sleep more.

Evan is 10 years old and has an older brother and sister. He enjoys playing tennis, computers, and making a lemonade stand with his sister. Evan said, "The best things about Longden Elementary is the good food, great P.E. games, and the super cool projects". The best thing that ever happened was when his family went to Lego Land. If he could change one thing, he would like to live on two planets. If he could build one thing, it would be a hotel that everyone could live in. Personal goals are to save pandas, get good grades, and get over his fear of bees.

Mia is 11 years old and has two brothers. She enjoys art, singing, and drawing. Mia said, "The best things about Longden Elementary is the clean campus, it's fun, and always interesting". The best thing that ever happened was when she was adopted. If she could change one thing, he would be the way people treat animals. If she could build one thing, it would be a huge castle to live in. Personal goals are to do better in math, become a better writer, and to work harder.

KIWANIS KALANDAR

April 27 - City Volunteer Luncheon at Live Oak Park 11 a.m.
