MAY 14, 2019 TUESDAY 12:00 P.M. VOL. 80 NO. 32

THIS TUESDAY

Another mystery program. Voting for 2019-2020 slate of officers and revised by-laws.

LAST TUESDAY

David Palmer is the pastor of First United Methodist Church for the last 10 years. He will be moving to the East coast next month to pastor a church and raise lama's. David has been a strong advocate for the homeless in our community. During the summer of 2013, concerned citizens of Temple City recognized that there is need to respond to the needs of the poor in the community. Some of the services include Sunday night dinners, free laundry help, free showers, hygiene kits and clothing, food distribution, and bus passes.

On Tuesday, May 14, there will be a vote to approve the revised bylaws and the proposed slate of officers for the 2019-2020 year. Mike "I'm workin on it" Lepore offers these stellar picks: President, Cindy Vance; Vice-President, Fern Vizcarra; Treasurer, Dawn Tarin; Secretary, Ron Dorazio; IPP, Cindy Vance; Directors: Matt Smith, Jerry Jambazian, Mike Lepore, and Steve Montesanti.

Bob Rodenbucher has tickets for sale for the annual Temple City Sportsmen Club Fish Fry. The event is May 18 at the Arcadia Center (near the race track). It is a great all-you-can-eat dinner with prizes for almost everyone. All this for \$15 a copy.

Key Club officers joined with us today including Tyler Lee, incoming President and VP Nathan Wang. Congratulations to Dawn Tarin for being the big \$122 winner of the drawing.

STUDENTS OF THE MONTH

We welcomed four outstanding students from Oak Avenue Intermediate School and two from Temple City High School. Accompanying the students from Oak were teachers John Howard and David Steinkamp. From the high school was Assistant Principal Richard Lohman

Jeremy is 13 years old and in Mr. Howard's class. He has an older brother and enjoys playing basketball, badminton, flute, watching movies, and games. Jeremy said, "The best things about Oak Avenue are the great teachers, all the elective classes to choose from, playing pickle ball and the P.E. equipment". The best thing that ever happened was receiving a trophy for the highest score in level three flute theory. If he could change one thing, it would be to get an A on his English tests. If he could build one thing, it would be a swimming pool at Oak Avenue. Personal goals are to get a 4.0 GPA, get to level ten flute, and learn to play basketball well.

Sheridan is 13 years old and in Mr. Howard's class. She enjoys playing softball and listening to music. Sheridan said, "The best things about Oak Avenue are the academic and sports teams, the great teachers, and the ninja warrior course in PE". The best thing that ever happened was pitching a no hitter on the travel ball team. If she could change one thing, it would be to establish more locations for the mentally ill and homeless people. If she could build one thing, it would be a youth sports center. Personal goals are to receive an academic or sports scholarship, hit a over-the-fence homerun, and learn to be ambidextrous.

Cindy is 14 years old and in Mr. Steinkamp's class. She enjoys playing volleyball, arts and crafts, and animation. Cindy said, "The best things about Oak Avenue are advanced art, the dances, and Oak-lahoma Day". The best thing that ever happened was meeting all her creative friends in advanced art. If she could change one thing, it would be to have had more courage to enter the altered book contest in the 7th grade. If she could build one thing, it would be a time machine to go back and correct terrible decisions. Personal goals are to maintain a 4.0 GPA throughout high school, make it into her dream college, and to develop better skills in art.

Nina is 13 years old and in Mr. Steinkamp's class. She has an older brother and enjoys cooking, binge-eating, and procrastinating. Nina said, "The best things about Oak Avenue are the microwaves, the library, and art classes". The best thing that ever happened was living with her grandmother in Taiwan over the summer. If she could change one thing, it would be her mom's health. If she could build one thing, it would be a microwave to keep french fries crispy. Personal goals are to manage her time better, learn how to fold clothes properly, and become taller.

Alexis is 18 years old and in Mr. Lieu's class. He has younger twin sisters and enjoys reading, writing, and drawing. Alexis said, "The best things about Temple City High School are the kind teachers and students, the secure and welcoming environment each day, and each classroom is full with energy and interest". The best thing that ever happened was moving to such a great and peaceful area. If he could change one thing, it would be to have everyone become more social and not have so many distractions. He would also like to have free medicine for everyone. Personal goals are to have a career, a family of his own, and to have a stable and normal life.

Annie is 16 years old and in Ms. Neufeld and Mr. Russell's class. She has two brothers and enjoys playing the viola, baking, volunteering and helping. Annie said, "The best things about Temple City High School are the friendly and helpful teachers, and participating in orchestra and band". The best thing that ever happened was having her older brother home after serving in the Navy. If she could change one thing, it would be to not have people raise their hand or voice against another in arguments. If she could build one thing, it would be a peacemaker robot that can understand both sides. Personal goals are to become someone great in the future, a closer relationship with her two brothers, and become her own idol.

KIWANIS KALANDAR

- May 11 - Miss Temple City Ambassador Pageant at First Baptist Church
- May 14 - Member vote on ByLaws and slate of 2019-2020 officers
