OCTOBER 8, 2019 TUESDAY 12:00 P.M. VOL. 81 NO. 2

THIS TUESDAY

We will hear from former Lt. Governor Ernie Arnold making a pitch for our quarter million dollar Rose Float. We will also be visited by Councilmember Cynthia Sternquist about the Library renovation.

LAST TUESDAY

We welcomed the new teachers and Administrators at the ice cream social hosted by the Temple City Unified School District and our Kiwanis Club. The staff at the DO did a great job of decorating and making us feel welcome. Ice cream with all the toppings you could ever want were available along with peanuts and candy bars on each table. I think we had more administrators than teachers in attendance.

Kiwanis member and TCUSD Board President welcomed all and gave a brief history of Kiwanis. He then introduced Superintendent Dr. Kimberly Fricker with her welcome and kind words. Next we introduced our Students of the Month from Temple City High School and Oak Avenue Intermediate.

Each new teacher in attendance was given a \$25 gift card for Office Depot and a certificate for The Hat Restaurant. We all know how teachers sometimes have to pay out of their pocket for classroom supplies. Each administrator and new principal was given a certificate for The Hat. A big Thank You to Marie Montero and Dr. Monica Makiewicz for bringing it all together. Overall, I think everyone had a great time!!

STUDENTS OF THE MONTH

We welcomed students Caymin Tran and Rachel Cadavid from Oak Avenue along with teacher Deb Maurey and Principal Susan Hemans. Temple City High School students Nicole Heumann and Philycius Tjong along with Principal Richard Lohman and Vice Principals Annie Hernandez and Elena Li.

Caymin enjoys swimming, telling his dad jokes, and playing games. The best things about Oak are lunch, the yearbook, and meeting new friends. Personal goals are to swim more, and work harder to learn Chinese.

Rachel enjoys reading, art, skiing, hiking, traveling, and trying new foods. The three best things about Oak are the clubs and electives, the teachers and staff, and seeing her friends. Personal goals are to continue to do well in school and get straight A's, become better with time management, and become more active by doing sports.

Nicole enjoys gaming, cosplay, and Computer Aided Design. The best things about TCHS are the engineering classes offered, college level courses, and supportive staff. Personal goals are to graduate college with a degree in mechanical engineering, improve current technology, and to go into space.

Philycius enjoys writing, reading, running, and photography. The three best things about TCHS are the opportunities to grow, the teachers, and extracurricular activities. Personal goals are to be happy, surround himself with the right people, and to help others.
