OCTOBER 29, 2019 TUESDAY 12:00 P.M. VOL. 81 NO. 5

THIS TUESDAY

We will not have our regular meeting at North Woods Inn this Tuesday. We will be having a field trip to the Ronald McDonald House in Pasadena. Bring your own lunch, meet at North Woods south parking lot at 11:30 to carpool.

LAST TUESDAY

We welcomed Stephen Martin Edo as our speaker for the day. Stephen is the Principal of Cloverly Elementary School with 444 students. He grew up in Alhambra and had a great elementary school experience. So much so that it had a major influence in him wanting to become a school principal.

Cloverly is a California Distinguished School. Their motto is "The Whole School for the Whole Child". Spirit Rally's take place each month with Lunch on the Lawn with students, parents, and grandparents. Some of the great activities include Mother/Son Bowling, Father/daughter dance, fund raise to take food to Ronald McDonald House, Christmas Caroling at Santa Anita Convalescent Hospital, and goodie bags for Temple Station and the District Office. The lady that keeps this well oiled machine running is Judy Call, affectionately known as "School Mom".

Guest included Lisa Montesanti and the Key Club. We wish the best for Ron Dorazio who will be resigning at the end of this month. He has been a member for 10 years and we have always appreciated his willingness to help with any project with his advice and council. Club Secretary is not an easy job, but he did it well. A big thank you to Barbara for her support as well. Stay in touch Ron.

Matt Smith is heading up Ronald McDonald House Meals of Love. Our next date is Wednesday, November 6 with the theme of turkey (not the Turkey that has been in the news lately). Main Dish by David Seltman and Cindy Vance, Salad by Matt Smith and Jerry Jambazian, Bread by Dawn Tarin, Drinks by Bob Rodenbucher, and Dessert by Steve Montesanti and Jan Robertson. Driver is Matt Smith.

Courtesy of Key Club President Tyler Lee: "Temple City Key Club held a meeting on October 10 with a total member attendance of 124. Temple City Key Club has also closed membership applications in order to hit the early bird deadline and have pulled in a total of around 150 paid-dues members. Key Club has also held a Churro & Ice Cream Fundraiser at the high school on October 21 in order to raise funds to use for future service projects."

Builders Club is up and running at Oak Avenue 60 members. Thanks to Ron and Jan Robertson as advisors. Congratulations to Temple City being named again as the 41st safest city in California.

STUDENTS OF THE MONTH

We welcomed three outstanding students from the Longden Elementary School. Their teacher, Mr. Greg Shahoian accompanied them. We also had Cloverly Elementary with their two students. Pictured with them are Dr. Joshua Porter, Principal Stephen Martin Edo, and teacher Yvonne Rivera.

Louise is 11 years old and has an older sister. She enjoys water polo and most types of music. Louise said, "The best things about Longden are my friends, science experiments, and lunch". The best thing that ever happened was being born. If she could change one thing, it would be to not have homework anymore. If she could build one thing, it would be a giant turtle pond for a ton of turtles that you could possibly swim with. Personal goals are to do well in school, become a professional water polo player, and attend UCLA.

Bodie is 11 years old and has five brothers and sisters. He enjoys playing baseball and video games. Bodie said, "The best things about Longden are my teachers, the amount of homework, and the food". The best thing that ever happened was when he was born with a deflated lung, but was saved by a loving doctor. If he could change one thing, it would be to have our society become more caring for those without food. If he could build one thing, it would be a giant animal shelter. Personal goals are to get a good job, good education, and family.

Justin is 11 years old and has an older sister. He enjoys music, drawing, and martial arts. Justin said, "The best things about Longden are the outgoing and friendly staff, ". The best thing that ever happened was being allowed to start music with several instruments. If he could change one thing, it would be the lack of equality with race and gender. If he could build one thing, it would be a homeless shelter with an extended staying time. Personal goals are to get into a healthier work flow, begin mixing music, free up his extra time so he can do more.

Addison is 10 years old and has an older brother. She enjoys yoga, hiking, arts and crafts. Addison said, "The best things about Cloverly are the nice teachers and kind office ladies, the long lunches so people last in line have time to eat, and the most fair Principal ever". The best thing that ever happened is having a great family and friends. If she could change one thing, it would be the battles that teenagers are creating in Hong Kong. If she could build one thing, it would be a teleporter to get you to your destination fast. Personal goals are to get good grades, have a successful job, and attend a great college.

Sebastian is 11 years old and has an older sister. He enjoys solving Rubik's Cubes, playing volleyball, and swimming. Sebastian said, "The best things about Cloverly are the nice faculty and staff, the great students, and the wonderful Spirit Rallies with Lunch on the Lawn". The best thing that ever happened is having a great family that cares for him. If he could change one thing, it would be to improve the environment and reduce pollution. If he could build one thing, it would be a dyson sphere that collects energy from the universe and lets us use it. Personal goals are to get good grades, to do well in school, and improve his time to solve the Rubik's Cube.

KIWANIS KALANDAR

October 29 - Field trip to Ronald McDonald House in Pasadena

October 30 - Town Hall Meeting with Sheriff Alex Villanueva at LOP
