NOVEMBER 12, 2019 TUESDAY 12:00 P.M. VOL. 81 NO. 7

THIS TUESDAY

Councilmember Cynthia Sternquist will give us an update on the soon-to-be renovation of our Library.

LAST TUESDAY

We did not have a program as we welcomed Oak Avenue Intermediate School and Temple City High School Students of the Month. Immediately following our regular meeting we held our Board Meeting. We also welcomed Kathy Perini as she assumed the duties of Secretary. Our Key Club Advisors are Fernando Vizcarra and Ron Robertson.

STUDENTS OF THE MONTH

We welcomed two outstanding students from the Oak Avenue Intermediate School with their teacher, Mr. Aaron Loomis and two from Temple City High School. Accompanying the honored students from TCHS were Assistant Principal Elena Li and proud parents Nina Haynes and Roger Espinoza.

David is 12 years old and in the 7th grade. He has an older brother and sister and enjoys watering his cactus plants, and playing video games. David said, "The best things about Oak Avenue are the teachers, library, and the pickle ball courts". The best thing that ever happened is having a family that loves him. If he could change one thing, it would be to ban all guns in the world. If he could build one thing, it would be a huge house for homeless people. Personal goals are to become an architect and designer, get into a good college, and to read more.

Leia is 12 years old and in the 7th grade. She has a younger brother and sister and enjoys singing and dancing. Leia said, "The best things about Oak Avenue are the teachers, physical activities, and lunch". The best thing that ever happened was getting lots of presents on Christmas and her birthday. If she could change one thing, it would be the way school works. If she could build one thing, it would be an airplane so she could get away from her problems. Personal goals are to get straight A's, have fun every day, and always plan ahead.

Isaac is 17 years old in in the 12th grade. He has a younger sister and enjoys backpacking, automobiles, playing the piano, soccer, show choir, and tap dancing. Isaac said, "The best things about TCHS are the committed teachers, the annual musical, and the overall diversity". The best thing that ever happened was summiting Mt. Whitney after backpacking for 10 days. If he could change one thing, it would be to improve the air quality in Los Angeles. If he could build one thing, it would be a Performing Arts Center for the high school including a theater and rehearsal space. Personal goals are to be accepted into a great college, gain full mobility in his left wrist which was broken two months ago, and being cast as a lead in the upcoming musical, Newsies.

Alexa is 16 years old and in the 11th grade. She has a younger sister and enjoys singing, performing arts, and reading. Alexa said, "The best things about TCHS are the Brighter Side Singers, my Advanced Placement Psychology class, and the helpful campus security, and administration". The best thing that ever happened was being selected for Honors Performance Series Choir performing at Carnegie Hall in New York. If she could change one thing, it would be teenagers lack of compassion. If she could build one thing, it would be a social media filter to prevent people from posting anything bad about others, including cyber bullying. Personal goals are to extend her vocal range, become a better writer, do well in her AP classes, and improve her tap dancing skills.
