NOVEMBER 26, 2019 TUESDAY 12:00 P.M. VOL. 81 NO. 9

THIS TUESDAY

Here we go again. Either a mystery program or no program. No matter, you will have fun.

LAST TUESDAY

Speaker for the day was Councilmember Cynthia Sternquist. Cindy has been involved with all aspects of the Library renovation for about two years. The renovation project is scheduled to begin in January and take about 18 months. A temporary library will be available at the old Chamber of Commerce building at Sultana and Las Tunas. All programs will continue. The original cost was about 4 million, with the City paying half and the County paying half. As usual the cost have increased since the original estimate. It has gone up by about 2 million more. The County will pick up the increased costs. This was due to increased building costs.

Our Library is one of the busiest in all of Los Angeles County. Councilmember Cindy has raised over \$115,000 for art in the main area. Our club has donated \$500 for a bench in the "Secret Garden Area". The theme is "Let The Story Unfold".

Matt Smith is announcing the December Ronald McDonald Meals of Love. The date is Wednesday, December 4 with a Casserole theme. Main Dish by Kathy Perini and Lynn Frontuto, Salad by Dave Seltman and Cindy Vance, Bread by Steve Montesanti, Drinks by Jan Robertson, Dessert by Matt Smith and Jerry Jambazian. Driver is Matt Smith.

President Cindy will undergo eye surgery again on Wednesday. Jan Robertson enjoyed 10 days in Santa Rosa. Fern Vizcarra had to have a tooth implant planted again. Dawn Tarin was the big winner of over \$220 in the "Opportunity Drawing". Jose and Dawn are buying for everyone at Casa Del Rey Friday Night in Sierra Madre. Petrillo's Italian Restaurant will close forever on Christmas Eve.

STUDENTS OF THE MONTH

We welcomed seven outstanding students from Cloverly, Longden, and DDSLC. Accompanying the award winning students was Cloverly Principal and teacher Stephanie Baker. Longden students were brought by teacher Sarah Baham. Shannon Findley brought her students from the Dr. Doug Sears Learning Center. Mason's father was also in attendance.

Joaquin is 11 years old and has an older sister. He enjoys baseball, basketball, drawing, and watching and learning wrestling. Joaquin said, "The best things about Cloverly are learning about math, lunch on the lawn, and the super nice teachers and students". The best thing that ever happened was going to a Raw and Smackdown show and traveling on a plane to Seattle. If he could change one thing, it would be to have everything cost less. If he could build one thing, it would be a huge housing complex for people that don't have homes. Personal goals are to become a Veterinarian or Doctor, become an artist, and become a WWE Superstar.

Anna is 11 years old and enjoys ballet, math, and programing. Anna said, "The best things about Cloverly are the nice and respectful teachers, the students show good characteristics, and the great school activities". The best thing that ever happened was winning first place at a dance competition. If she could change one thing, it would be the times her mother lost faith in her. If she could build one thing, it would be a foundation to help everyone achieve their goals. Personal goals are to pass her Algebra test in the 6th grade, get into the top 12 at Youth America Grand Prix, and do better in I-Ready.

Ethan is 11 years old and enjoys playing video games and hanging with his friends. Ethan said, "The best things about Longden are having a big field to play on, having recess every day, and doing math fractions". The best thing that ever happened was when his cousin Sarah was born. If he could change one thing, it would be to not have any homework. If he could build one thing, it would be a device that could stop time. Personal goals are to become a better reader, get more sleep, and to become a surgeon someday.

Ivan is 10 years old and has a younger brother. He enjoys playing soccer, football, and basketball. Ivan said, "The best things about Longden are the super nice people, getting Subway sandwiches for lunch sometimes, and playing soccer everyday". The best thing that ever happened was successfully using the behavior management tools that are taught to him through the GOALS Program (Gaining Opportunities of Achievement for Lifelong Skills). If he could change one thing, it would be to make it easier for people to stay in the United States. If he could build one thing, it would be the newest version of a smart computer. Personal goals are to manage his behavior every day, graduate from the GOALS program, and become a computer engineer.

Natalie is 10 years old and has an older sister. She enjoys singing, playing the French horn, drawing, and baking yummy treats. Natalie said, "The best things about Longden are my teacher, Ms. Baham, the lunch tables outside, and the GOALS Program". The best thing that ever happened was receiving a 8 pack of macarons and it was actually a 10 pack by mistake. If she could build one thing, it would be a laptop computer that could read her mind and do automatic searches for her questions. Personal goals are to master the French Horn and play in a concert, get into Harvard Westlake College Prep School, finish a successful year and reconnect with her friends from last year.

Ysabella is 16 years old and enjoys makeup, dance, painting, and exercising. Ysabella said, "The best things about the Learning Center are being able to have a flexible schedule that allows me to tend to other responsibilities, the help and guidance I receive from staff and students, the opportunity to excel and achieve my goals". The best thing that ever happened was switching from public school to online school and the growth she experienced in the last two months. If she could change one thing, it would be the racism and discrimination issues regarding minorities. If she could build one thing, it would be an app that gives free transportation to those who depend on rides to school. Personal goals are to be more positive and see the brighter side of a bad situation, giving herself credit for all her hard work, not be so hard on herself and acknowledge when a break is needed.

Mason is 14 years old and has a younger brother. He enjoys playing the guitar and golf. Mason said, "The best things about the Learning Center are the supportive teachers, and having independent study teaches me to manage my time". The best thing that ever happened was being born into a world where people care about each other. If he could change one thing, it would be stop all the conflicts in the world. If he could build one thing, it would be a homeless shelter for people in need where they can get food, education and health services. Personal goals are to keep his grades up, listen better so he can cooperate with people better, and learn as many Beatles songs on the guitar.

KIWANIS KALANDAR

December 3 - Board of Directors meeting following club meeting
December 6 - Light's On Temple City at Temple City Park
December 8 - Woman's Club Annual Christmas Party (see Dawn)
December 10 - Club Christmas Party at the Old Spaghetti Factory, Duarte
December 30 - Interclub with the Int'l President at The Salvation Army

QUOTE OF THE WEEK

"To get rid of unwanted junk during the holidays...put it in an Amazon box and leave it on the porch".

See you Tuesday and Happy Thanksgiving, Jerry
