MARCH 14, 2017 TUESDAY 12:00 P.M. VOL. 78 NO. 25

THIS TUESDAY

We will be back at Denny's again.

LAST TUESDAY

Thanks to City Manager Bryan Cook for providing the Community Room for us to meet. We had great attendance along with 8 Students of the Month from Temple City High School, Oak Avenue Intermediate, and Cloverly School. We also welcomed Alison Ngo as a Guest of the Club. She is a Cloverly mom having lived in Temple City for 14 years. She is interested in joining with us.

Many thanks to the Amida Society for the use of their building for our Pancake Breakfast. Even though they were in the midst of remodeling they were gracious in allowing us to host the breakfast there. Year after year not only let us use their facilities, they even gave us a \$500 donation to our club.

John Gera and Matt Smith teamed up to give a great report on the Pancake Breakfast. The statistics are as follows: 206 adults and children served in 2016. 252 adults and children served this year. We received \$1,032 in donations. The net profit was \$2,663. A big thank you was given to all that helped and gave monetary donations to help make this a successful fundraiser.

STUDENTS OF THE MONTH

We welcomed eight outstanding students from Cloverly Elementary, Oak Avenue Intermediate, and Temple City High School. Accompanying the students were Allen Wong and Stephen Martin Edo from Cloverly, Randy Marsh and Aaron Loomis from Oak Avenue, and Deanne Sciarrotta.

Marissa is 11 years old and in Mr. Wong's class. She has an older sister and younger brother and enjoys dancing, reading, and Girl Scouts. Marissa said, "The best things about Cloverly are the Principal and teachers are very nice, going on fun field trips, and our school is bully free." The best thing that ever happened was being born. If she could change one thing, it would be that people around the world didn't bully others. If she could build one thing, it would be a shoe that makes cupcakes without making your shoe hot. Personal goals are to get straight A's, to get her silver and gold awards in girl scouts, and to meet her two favorite dancers.

Mason is 11 years old and in Mrs. Yvonne Rivera's class. He has a younger brother and enjoys art, sports, and computer gaming. Mason said, "The best things about Cloverly are seeing all my friends, the nice teachers, and all the cool computer projects." The best thing that ever happened was receiving the Student of the Month award. If he could change one thing, it would be to have world peace. If he could build one thing, it would be a giant cyborg dinosaur. Personal goals are to get straight A's this year, make the world a better place, and becoming a computer programmer when he grows up.

Katelyn is 13 years old and has an older sister and younger brother. She enjoys being a part of the band, reading, socializing, and stargazing. Katelyn said, "The best things about Oak Avenue are the friendly staff, students, pep rallies, spirit days, and school activities." The best thing that ever happened is having her best friends, Alexis and Ashley that she has known for seven years. If she could change one thing, it would be to take away all the dangers in the world. If she could build one thing, it would be a machine to remove waste/trash that harm animals. Personal goals are to have a good future, to play at least three instruments, and become trilingual.

Ryan is 12 years old and enjoys video games, reading, and shooting his friends with a nerf gun. Ryan said, "The best things about Oak Avenue are the great teachers, learning new things, and being surrounded by compassionate friends." The best thing that ever happened was skipping pre-algebra because it will look good on his college/university applications. If he could change one thing, it would be to stop world pollution and global warming. If he could build one thing, it would be a time machine to fix his awkward mistakes. Personal goals are to get good grades with a great GPA, get a good job at Google, create on-line video games, and to give back to the community.

Cam is 12 years old and has a younger brother. He enjoys reading, playing video games, and Brazilian Jiu Jitsu. Cam said, "The best things about Oak Avenue are the nice teachers and students, learning new things every day, and the many Asians which make me feel more comfortable." The best thing that ever happened was when his younger brother was born. If he could change one thing, it would be to stop people from creating pollution and help wildlife. If he could build one thing, it would be a homeless shelter for people that live on the streets. Personal goals are to become a video game designer and computer programmer, donating money to charity to help people, and get into Cal Tech and become rich.

Jessica is 13 years old and enjoys dancing and playing the flute. She said, "The best things about Oak Avenue are the kind teachers, fun activities, and my awesome friends." The best thing that ever happened was her friends who bring a smile to her face during tough times. If Jessica could change one thing, it would be to change her study habits for the good. If she could build one thing, it would be a shelter to help the homeless while trying to find a job. Personal goals are to get good grades throughout her academic career, become successful, and take care of her parents and give them a good life.

Connie is 17 years old and enjoys singing, acting, playing saxophone and mallets in the band. Connie said, "The best things about TCHS are the opportunities available to those who seek them, the custodians, school administrators, teachers, and cafeteria workers." The best thing that ever happened was joining the band in the 7th grade, and marching in the 2015 Rose Parade. If she could change one thing, it would be to end discrimination and prejudice. Connie would like to build a plastic/paper recycling machine. Personal goals are to become fluent in French and be able to hold a conversation, travel, for the Breaking Boundaries club to thrive after she graduates. Connie also entertained us with her signing talents.

Christopher is 15 years old and has a younger brother. He enjoys photography, football, skateboarding, art, and music. Christopher said, "The best things about TCHS are the caring and nice counselors and teachers, and the amazing role models such as his coaches." If he could build one thing, it would be an organization that helps kids with disabilities, sports, and school. Personal goals are to graduate school while his mother is still alive, go to college, and to become a successful person.

QUOTE OF THE WEEK
