**MARCH 13, 2018 TUESDAY 12:00 P.M. VOL. 79 NO. 24**

### THIS TUESDAY

Jim Robuck has arranged for a helicopter mechanic with the LASD.

### LAST TUESDAY

We welcomed into membership Adrian Preciado. Adrian is a former Key Club member and is now attending Pasadena City College. This is a all-time first for us to have a Key Clubber join the club.

We received a nice thank you note from Banner Carrier Tyler Kobayashi regarding his visit with us!

Matt Smith has given a preliminary report on the Pancake Breakfast. We served 298 adults and kids. Our numbers were very close to last year with a net of about \$2,500.

The Board of Directors voted to donate \$500 to the Temple City Drumline who will be competing in Ohio soon. Presentation of the check will be made at tonight's (3-7-18) School Board meeting.

### IN MEMORIUM

Dan Snell has been a resident of Temple City since 1954. Longer than Temple City has been incorporated. Dan and June have been married for 73 years, have 2 children, Mary Jo and Dan Jr., 8 grandchildren and 14 great grandchildren. A native of Maine, Dan used to be an avid gardener and often boasted of his giant zucchinis and beautiful rose bushes. He used to take 2 mile walks every morning to keep in shape. On his 90th birthday Dan went skydiving and jumped out of a plane at 10,000 feet.

Dan served his country as a Lt. in the Army and is an honored Veteran of WW II and was a member of China, Burma, and India Veterans. In 1957, Dan was Cub Master of Cub Scout Pack 157 at Cloverly School. He had the reputation of being a kind and motivational leader. He continued to be involved in activities mentoring young scouts and was instrumental in organizing the first father and son Pinewood Derby.

Dan received a degree in chemical engineering from the University of Maine, and a week later he was in the army. He graduated from the Chemical Warfare Office Candidates School in October 1943 with a commission as a second lieutenant. Eventually Dan became a member of the OSS (Office of Strategic Services), a forerunner of the CIA. He was sent overseas and trained Japanese separatists. Dan was discharged in 1946. He and his wife June moved to Temple City in 1955 with two of their children, MaryJo and Dan Jr.. After retiring from Continental Can Corporation, he became a realtor and broker in Temple City. His office was located on the corner of Woodruff and Temple City Blvd. His honesty, integrity, and hard work kept his one-man office open for more than 30 years.

### STUDENTS OF THE MONTH

We welcomed four outstanding students from Oak Avenue Intermediate School. Accompanying the students were their teachers Mrs. Jessica Goold and Mr. Aaron Loomis.

**Darren** is 14 years old and in Mrs. Goold's class. He has an older sister and enjoys listening to music, playing volleyball, going out with friends and watching Netflix. Darren said, "The best things about Oak Avenue are the caring staff who always want the best for the students, no bullying and students being left out, and the inviting clean campus." The best thing that ever happened was finding out that volleyball is his favorite sport. If he could build one thing, it would be a machine that could collect all the trash in the world, especially the ocean. Personal goals are to learn to ice skate, to become more confident, make it to the volleyball team, and become ASB Freshman Vice President.

**Abby** is 13 years old and in Mrs. Goold's class. She has two older brothers and enjoys playing soccer. Abby said, "The best things about Oak Avenue are the caring teachers, the school environment, and the materials I get to learn." The best thing that ever happened was being chosen to be in ASB at Oak. If she could change one thing it would be to stop procrastinating. If she could build one thing, it would be a machine that could help you multi-task. Personal goals are to become a medical examiner, start her own bakery, and make it to the college of her dreams. Abby is also the granddaughter of our member Ron Dorazio.

**Raymond** is 13 years old and in Mr. Loomis' class. He has an older brother and enjoys sports and games. Raymond said, "The best things about Oak Avenue are the teachers, my friends, and sports." The best thing that ever happened was accidentally moving here from Gilroy. If he could change one thing it would be to stop suffering in the world. If he could build one thing, it would be a robot that could help with your problems. Personal goals are to live a happy life, do well in school, and graduate college.

**Maya** is 13 years old and in Mr. Loomis' class. She has two brothers and sisters and enjoys listening to music and dancing. Maya said, "The best things about Oak Avenue are the teachers, people, and classes." The best thing that ever happened was meeting her step-sister. She is her best friend and could not imagine life without her. If she could build one thing, it would be a way to look back on memories and relive them again. Personal goals are to learn new languages, be more productive, and choreograph dances to songs.
