APRIL 10, 2018 TUESDAY 12:00 P.M. VOL. 79 NO. 28

THIS TUESDAY

Our featured speaker for the day will be Roger Lockie. Roger will speak about his days at Temple City High School and producing outstanding shows at the San Gabriel Mission Playhouse. He should entitle his talk "I'm Back" since he broke his back and was in a cast for a year. He will also receive his 40 year Legion of Honor pin.

LAST TUESDAY

Irené Turtle is an ICF (International Coaching Federation) certified Executive Coach and is an expert in using Emotional Intelligence to develop and strengthen leadership skills for entrepreneurs and business executives. She works with technology and high-growth companies and helps her clients develop confidence and build on their communication, conflict resolution, delegation and team development skills.

Irené helps leaders reduce turnover and personal stress and increase employee engagement by identifying the right talents, solidifying their mission, purpose and values, and helping them succeed as a cohesive unit.

STUDENTS OF THE MONTH

We welcomed four outstanding students from Cloverly Elementary School accompanied by Principal Stephen Martin Edo and Mrs. Sally Stokes. We also welcomes four students from Oak Avenue Intermediate School accompanied by teachers Mrs. Marta Bourjeili and Mr. Andrew Villagas. Also, one student from Temple City High School accompanied by Vice-Principal Mr. Christopher Holmes.

Chloe Luong is 12 years old and in Mrs. Stoke's class. She has an older brother and enjoys playing the violin, reading, sleeping, and baking. Chloe said, "The best things about Cloverly Elementary are the great music, electives, talent shows, and it has the best teachers." The best thing that ever happened was getting her dog, and becoming a Christian. If she could change one thing, it would be to continue ballet. If she could build one thing, it would be a shelter for homeless animals. Personal goals are to get into a music college, rescue many dogs, and have a career in history, baking, or music.

Chloe Tran is 11 years old and in Ms. Carlson's class. She has two sisters and enjoys reading while having a sweet treat. Chloe said, "The best things about Cloverly Elementary are the great teachers and students, the good books, and great education." The best thing that ever happened was being chosen to receive this award. If she could change one thing, it would be the disparity between the rich and poor. If she could build one thing, it would be a playhouse with many rooms. Personal goals are to go to USC, receive a good education, and have a great future.

Savanah is 11 years old and in Mr. Wong's class. She has a younger brother and enjoys coding and helping. Savanah said, "The best things about Cloverly Elementary are all the great people, nice teachers, and all the extra-curricular activities." The best thing that ever happened was being chosen as a Student of the Month. If she could change one thing, it would be to achieve world peace. If she could build one thing, it would be a tower that children of the world can go for help. Personal goals are to get into G.A.T.E., help as many people as she can, and join student council next year.

Maria is 11 years old and in Mrs. Rivera's class. She has five brothers and sisters and enjoys surprising people with her craziness. Maria said, "The best things about Cloverly Elementary are silent reading, and getting candy from your teachers." The best thing that ever happened was spending time at Christmas with her dad and stepmom. If she could change one thing, it would be to buy an album of her favorite singer. If she could build one thing, it would be a hot dog and cotton candy machine. Personal goals are to go to grow up and do whatever she wants, sing a song in public, and continue to be her crazy self.

Ethan is 13 years old and in Mrs. Bourjeili's class. He has an older sister and enjoys art, illustration and animation, and learning new things. Ethan said, "The best things about Oak Avenue are all the wonderful teachers, the embracement of people of different racial backgrounds, and the comfortable environment that always makes you feel at home." The best thing that ever happened is having a sister that reminds him that he is not alone. If he could change one thing, it would be to improve gun control. If he could build one thing, it would be a homeless shelter to give people a second chance in life. Personal goals are to have an extensive education including college and grad school, emerge as a successful person, and pursue his interest in the arts and creativity.

Christiana is 13 years old and in Mr. Yu's class. She has a younger sister and enjoys playing soccer, reading books, and writing poetry. Christiana said, "The best things about Oak Avenue are helpful teacher's, clean campus, and the bully-free environment." The best thing that ever happened was when her sister was born. If she could change one thing, it would be to end world hunger. If she could build one thing, it would be giant sprinkler to help people with no water. Personal goals are to get into a good college, to live life to the fullest, and become the best person she can be.

Kianna is 12 years old and in Mr. Villegas' class. She has a younger brother and enjoys reading, swimming, biking, running, skiing, violin, and karate. Kianna said, "The best things about Oak Avenue are great interactive teachers and staff, the welcoming students, and the interesting electives." The best thing that ever happened was when her brother was born because it made her more motherly, kind and caring. If she could change one thing, it would be to help global child hunger. If she could build one thing, it would be a portal to transport food, education, and health to the less fortunate. Personal goals are to be more active in society by volunteering, change people's lives for the better with inspiration, and to help those that cannot help themselves.

Ethan is 13 years old and in Mr. Villegas' class. He has a younger brother and enjoys basketball, math, violin, reading, track and field, long jump, and snowboarding. Ethan said, "The best things about Oak Avenue are the good teachers, nice students, and the big campus." The best thing that ever happened was being introduced to basketball. If he could change one thing, it would be the way people judge others. If he could build one thing, it would be a highly efficient, but cheap, solar cell. Personal goals are to get into a good college, play Division One basketball, and make the track team in college.

Destiny is 16 years old and in Miss Zurla's class. She has four brother and sisters and enjoys drawing, painting, doing make-up, and helping others. Destiny said, "The best things about Temple City High School are the great teachers, school spirit, and the students." The best thing that ever happened was going to New York with her choir class because it was a once-in-a-lifetime experience. If she could change one thing, it would be to stop thinking about what others think of her. If she could build one thing, it would be a hospital because she loves to help people when they are sick. Personal goals are to better herself, be a good role model, and to never give up.

QUOTE OF THE WEEK

"Don't knock the weather. If it didn't change once in a while, nine out of ten people couldn't start a conversation."

See You Tuesday, Jerry
