JUNE 5, 2018 TUESDAY 12:00 P.M. VOL. 79 NO. 36

THIS TUESDAY

Super Volunteer Lucy Liou will put on her Red Cross hat and give us details on Disaster Preparedness. We will also welcome our last Students of the Month for this school year from Temple City High School.

LAST TUESDAY

Our featured speaker was Temple City native Donna Georgino. Donna began her career with the city of Duarte Parks & Recreation Department. Donna retired in 2011 and immediately became involved with Temple City Parts & Recreation, Relay For Life, Grad Night, and the Camellia Festival, etc..

Donna was a member of the Duarte Rotary Club. Prior to May 4, 1987 women were not allowed to join service clubs such as Rotary, Kiwanis, and Lions. Three women were invited to join the club with only using their first letter for the first name. Everything went well for a year until International accused them of violating its charter by allowing women to join.

I wish I had more space, only to say that the little club of Duarte took this all the way to the Supreme Court and won, making it better forever for all service clubs.

We finally had the official vote for 2018-2019 officers of the club. President-still open, Vice President-Mike Lepore, Treasurer-Dawn Tarin, Secretary-Ron Dorazio, I.P.P.-Steve Montesanti, Directors: Helen Marston, Jim Robuck, Bob Rodenbucher, Cindy Vance, Fernando Vizcarra, Jerry Jambazian, and Larry Marston.

Matt Smith is announcing Ronald McDonald Meals of Love for June 6. The theme is beef with the Main Dish by Dave Seltman and Matt Smith, Salad by Steve Montesanti and Cindy Vance, Bread by Ron Dorazio, Drinks by John Gera, and Dessert by Dawn Tarin and Rob Rodenbucher. Driving Miss Daisy will be Bob Rodenbucher. Thanks again to these Angels of Mercy who provide food for families going through serious family health problems.

STUDENTS OF THE MONTH

We welcomed four outstanding students from Oak Avenue Intermediate School. Accompanying the students was twenty-three year teacher Mrs. Jessica Goold and Ms. Deana Ho..

Katelyn is 14 years old and in Mrs. Goold's class. She has a brother and sister and enjoys music, band, traveling, and going out. Katelyn said, "The best things about Oak Avenue are starting the day off with the Daily Bulletin, the P.E. obstacle course, and the great staff and teachers". The best thing that ever happened was when her older sister convinced her that reading was fun. If she could change one thing, it would be the gun laws, she would rather worry about her grades than being shot. If she could build one thing, it would be a beautiful house for her parents. Personal goals are to become a better person, a better musician, learning to swim, and fulfil her mother's dream for her to speak Korean and Mandarin.

Cory is 14 years old and in Ms. Ho's class. He has a younger brother and enjoys listening to music and competing in sports events. Cory said, "The best things about Oak Avenue are the clean, friendly, environment, and my friends, and teachers". The best thing that ever happened was coming to Oak Avenue and experiencing new social events. If he could change one thing, it would be to stop all discrimination or social injustice towards any given people group. If he could build one thing, it would be a time machine to improve technology fast. Personal goals are to get on the track team at TCHS, get into honors class, and join more clubs in high school.

Jace is 14 years old and in Mrs. Goold's class. He has two sisters and enjoys Pokémon Go, building and creative art with out-of-the-box media. Jace said, "The best things about Oak Avenue are the helpful and encouraging staff, the respectful students and school spirit, and the varied activities". The best thing that ever happened is having life. If he could change one thing, it would be all the unfair fights against people. If he could build one thing, it would be a V.L.F.S. that helps purify and recycle accumulated plastic in the ocean. Personal goals are to graduate with a background in engineering, explore and travel the world, and strive to live life to the fullest.

Jillian is 13 years old and in Ms. Ho's class. She has an older sister and enjoys playing soccer, guitar, and dance. Jillian said, "The best things about Oak Avenue are the amazing teachers and staff, the clubs and activities available to us such as Astrocamp, and the Florida trip". The best thing that ever happened was going on the Catalina trip with her friends. If she could change one thing, it would be that diseases never existed and everyone could live a healthy life. Personal goals are to get straight A's in high school, improve her flexibility through dancing, and improve her guitar skills.
