SEPTEMBER 26, 2017 TUESDAY 12:00 P.M. VOL. 78 NO. 52

THIS TUESDAY

We will not be meeting at Northwood's Inn this Tuesday. We will have our annual installation of officers Tuesday evening at Pepper's Mexican Restaurant, 181 Colorado Pl, Arcadia (near Santa Anita Race Track) 6 p.m. social with dinner at 7. Contact Steve if you have not reserved your spot. I hear the MC is terrific.

LAST TUESDAY

Our featured speaker was Bill Ukropina. Bill is one of the founders and principals of Coldwell Banker Commercial Advisors. You have probably seen his name on many commercial for sale signs. Bill grew up in San Marino and remembers the days when Temple City High School football was a powerhouse with 42 straight wins. They were called the green machine.

Bill spoke of Practice, Patience and Perseverance. He used the video illustration of his son Conrad. Conrad graduated from Stanford in June 2016. He was a member of the Stanford football team that played in the 2016 Rose Bowl and he broke 6 all-time kicking records while at Stanford. Conrad suffered some setbacks in his athletic career that did not sideline him. He persevered and became an outstanding place kicker.

President Steve secured a cake to honor our own Temple City Hometown Hero. Dan Snell was honored in a parade at the LA County Fair on Thursday.

STUDENTS OF THE MONTH

We welcomed 2 students from the Dr. Doug Sears Learning Center and 3 students from Longden. They were accompanied by DDSLC teacher Andrew Jahan and Longden's Dan Ferguson.

Jocelyn is 11 years old and has a younger brother and sister. She enjoys playing the piano and soccer. Jocelyn said, "The best things about Longden are recess, giving out book orders, and giving birthday books." The best thing that ever happened was being chosen as a Student of the Month. If she could change one thing, it would be to not have people fight anymore, and have peace. If she could invent one thing, it would be a medicine to cure cancer. Personal goals are to get straight A's on her tests, become good on the piano, and get a green belt in her Karate class.

Angelina is 11 years old and enjoys art and animation. Angelina said, "The best things about Longden are my teachers, my friends, and learning new things." The best thing that ever happened was having her birthday party last year. If she could change one thing, it would be to have everything not real happen. If she could build one thing, it would be microwave. Personal goals are to become a professional artist and animator, write novels, and write computer code for games.

Angel is 11 years old, has a younger brother, and enjoys swimming. Angel said, "The best things about Longden are being in Mr. Ferguson's class, making new friends, and meeting old classmates." The best thing that ever happened was being in the 6th grade. If she could change one thing, it would be her name. If she could build one thing, it would be a swimming pool. Personal goals are to get straight A's, become a nurse, and develop her swimming skills.

Matthew is 17 years old and has four brothers and sisters. He playing video games. Matthew said, "The best things about The Learning Center are the friendly people, staff, and the vibe there." The best thing that ever happened was being born to be wild. If he could change one thing, it would be to study more. Personal goals are to build a gymnasium for the CLC, go to college, and become a teacher.

Jose is 17 years old and has an older sister. He enjoys playing soccer, video games, drawing, and music. Jose said, "The best things about The Learning Center are the teachers, students, and Principal Mr. Westgate." The best thing that ever happened was getting his PS2 when he was five years old. If he could change one thing, it would be to prevent 9/11. Personal goals are to build a house for his family, have a nice wife and family, and get a Audi R8.
