OCTOBER 10, 2017 TUESDAY 12:00 P.M. VOL. 79 NO. 2

THIS TUESDAY

Mario Manzanilla from Kennedy Capital will give us the facts about Reverse Mortgages. Should be interesting as there are many different opinions on this subject. His topic is "What is a Reverse Mortgage and is it right for you?".

LAST TUESDAY

Steven Nicholas was our featured program for the day. He demonstrated his memory skills to all when he remembered a series on numbers on a random page of a book that contained thousands of numbers. Parts of it went over my head, but that was to be expected.

He has appeared in national commercials and consulted for television shows on the travel channel and nickelodeon. Steven also performs an interactive mind reading show which is what led him to study and develop his memory.

Congratulations to Helen Marston for being selected as the 2018 Camellia Festival Chairman, and the incoming President of the West San Gabriel Valley Board of Realtors. Mike Lepore presented President

STUDENTS OF THE MONTH

We welcomed 4 students from Oak Avenue Intermediate School, and 2 from Cloverly Elementary School. They were accompanied by Oak teacher Mrs. Katie Arrighi and Cloverly Principal Stephen Martin-Edo..

Jeremy is 13 years old and in Mrs. Melinda Vasquez's class. He has a younger brother and enjoys playing the violin, astronomy, chemistry, physics, tennis, and reading. Jeremy said, "The best things about Oak Avenue are the teachers, music, and books." The best thing that ever happened was getting into Science Olympiad. If he could change one thing, it would be the way we are organized by government. Personal goals are to achieve light-speed, become an astronomer, sharing music, and be successful.

Aiden is 12 years old and in Mr. Randy Marsh's class. He has an older sister and enjoys fishing, playing Roblox, and Kung Fu. Aiden said, "The best things about Oak Avenue is the great atmosphere, it makes me feel more grown-up, and it is more tolerant than my old school." The best thing that ever happened was getting his dog Hachi. If he could change one thing, it would be to change the way we treat others in society. Personal goals are to build a super-fast delivery system, become the PVP King in AA, find out how and why the world is here, and live a peaceful life.

Lavenia is 12 years old and in Mrs. Katie Arrighi's class. She has an older sisters and enjoys singing opera, drawing, playing her harp and trombone. Lavenia said, "The best things about Oak Avenue is being in the marching band, learning from great teachers, and making new friends from different elementary schools." The best thing that ever happened was being a part of the Children's Opera at Colburn School. If she could build one thing, it would be to a machine to permanently cure cancer. Personal goals are to be in the Los Angeles Opera, to be better in academics, and to get better at asking questions when she needs help.

Audrey is 13 years old and in Mrs. Lisa Copeland's class. She has a younger brother and enjoys playing basketball, volleyball, and watching TV with her brother Caleb. Audrey said, "The best things about Oak Avenue is being a part of the sports teams, my fellow students that make it such a great place, and my amazing teachers which give me a great education." The best thing that ever happened was being blessed with a baby brother. If she could build one thing, it would be a shelter in Africa to provide food for the unfortunate. Personal goals are to do well in school and get good grades, receive a undefeated banner for the Oak Girl's racquetball team, and make more memories for life.

Eugene is 10 years old and in Mrs. Jenn Oliver's class. He has a younger sister and enjoys sports, basketball, football, TV, and his iPad. Eugene said, "The best things about Cloverly are my classroom #18, the P.E. tournaments, and lunch on the lawn with my family." The best thing that ever happened is having Brag Tag lunches with Mr. Edo. If he could change one thing, it would be to have Cloverly jersey's for P.E.. If he could build one thing, it would be a new Sports Arena in Australia, it would be called the "Eugene Wong Sports Arena". Personal goals are to run faster, working out at home more, and sleep until 6 a.m..

Natalie is 10 years old and in Mrs. Jenn Oliver's class. She has three brothers and enjoys drawing and swimming. Natalie said, "The best things about Cloverly are having two breaks, the cafeteria lunches, and having the best teacher Mrs. Oliver." The best thing that ever happened was learning to draw different types of dragons. If she could change one thing, it would be to have weekend time with her teacher. If she could build one thing, it would be a robot mechanical dragon. Personal goals are to complete all her work, listening to her teacher, and not lying.

KIWANIS KALANDAR
