OCTOBER 17, 2017 TUESDAY 12:00 P.M. VOL. 79 NO. 3

THIS TUESDAY

President Steve will help guide committee chairman on their duties and how to fund their proposed projects.

LAST TUESDAY

Mario Manzanilla from Kennedy Capital Mortgage Corporation spoke about reverse mortgages. I have heard many talks about reverse mortgages and this was the best I have ever heard. He gave interesting personal stories of clients and their peculiar circumstances.

If you are 62 years old and own your own home, a reverse mortgage may be a useful financial tool. With a reverse mortgage, you can access the equity in your home, without having to make monthly mortgage payments. There is no limitation to how you use the money, so you can cover medical expenses, fund education for your grandchildren, or any other reason.

A Reverse Mortgage (HECM) is better known as Home Equity Conversion Mortgage. The property must be your primary residence, keeping current on property taxes and insurance, and making sure the house is properly maintained.

Larry Marston was welcomed as a Guest of the Club. Janet Smith had her wallet lifted while visiting her father in the north. Wallet was found by a nice person and returned to Janet minus her credit card and a \$2,500 purchase at Target.

THIRTY YEARS AGO

Thirty years ago, on July 8, 1987, Kiwanis International ended a 72-year men-only tradition in a matter of minutes at their International Convention. Frank DiNoto was the International President at that time. He was a member of the Rosemead Club. I am personally elated at the quality of women that have joined our club recently, Cindy Vance, Helen Marston, Dawn Taylor, Alison Ngo, and of course Kathy Perini.

STUDENTS OF THE MONTH

We welcomed three students from Emperor Elementary School. They were accompanied by Emperor teacher Miss Roxanne Trieu.

Hannah is 11 years old and in Mrs. Shelley Scanlan's class. She has a younger sister and enjoys swimming, ballet, and dance. Hannah said, "The best things about Emperor are my friends and teachers, homework, and lunch." The best thing that ever happened is life. If she could change one thing, it would be to change the negativity, and make everything positive and happy. If she could build one thing, it would be a machine to help with anything like food, and money for people in need of help. Personal goals are to reach her AR goals, become a successful person, and to make every person smile.

Kevin is 11 years old and in Miss Trieu's class.

He has a older sister and enjoys playing basketball, the playground, and robotics. Kevin said, "The best things about Emperor are my school is clean and everything is efficient to use, the teachers teach us in a fun way, and the many things to do during recess."

The best thing that ever happened was when he began acting, he was also a recent winner in "Temple City's Got Talent". If he could change one thing, it would be to not waste water. If he could build one thing, it would be a robot that could help people eat. Personal goals are to get better at basketball, become a computer engineer, and get better at robotics.

Tarun is 11 years old and in Mr. Greg Giangregorio's class. He has a younger sister and enjoys bicycling, origami, and coding. Tarun said, "The best things about Emperor are my school my math class, coding, and recess." The best thing that ever happened was not going on a field trip and getting to play games on the computer all day. If he could change one thing, it would be to not have two terms for President. If he could build one thing, it would be a huge apartment for the homeless and poor. Personal goals are to get awesome grades like A's, no discipline codes, do all his practices at home at stay on track.

KIWANIS KALANDAR

October 14 - Car Show at Temple City Park

October 17 - New committee chairman will talk about what they do and funding.

October 24 - Tony Euredjian will talk about sleep apnea.

October 31 - 5th Tuesday of the Quarter VIP Program.

QUOTE OF THE WEEK

"The cure for boredom is curiosity. There is no cure for curiosity."

See you Tuesday, Jerry
