OCTOBER 31, 2017 TUESDAY 12:00 P.M. VOL. 79 NO. 5

THIS TUESDAY

Dennis Petillo, four year Navy veteran, retired postal worker and motivational speaker. "Ways our thoughts come into existence".

LAST TUESDAY

Our own Tony Euredjian spoke to us about sleep apnea. Sleep apnea is a rather serious sleep disorder that happens when a person's breathing is interrupted when they sleep. When left untreated, a person can potentially stop breathing hundreds of times throughout the night. The result is the brain, along with the rest of the body, may not receive enough oxygen during these moments.

There are two main types of sleep apnea. The first is obstructive sleep apnea (OSA), which is the more common of the two and is caused by a blockage in the airway, usually in the form of soft tissue in the back of the throat collapsing during sleep. The second type is known as central sleep apnea, and unlike OSA, the airway isn't blocked, but rather the brain fails to signal the muscles to breathe. Thankfully, there is treatment available for this potential fatal disorder, however, diagnosing can still be difficult.

Dan Snell is recovering at home with family after suffering a fall in his back yard. His mind is sharp and he would love to have visitors. Dan is confined to a bed in the living room. He can carry on a conversation with you just fine. He and June have round-the-clock care. We are providing meals on Mondays. Their caregiver provides meals 5 days a week. They could use help with meals on Thursdays also. Might be good to call first.

Dan will be honored by State Senator Dr. Ed Hernandez for being a Veteran and serving our Country in World War II. The event will be on Friday, 9:30 a.m., November 3rd at The Performing Arts Center of Baldwin Park, 4640 Maine Ave. Our Club has also purchased an American Flag in Dan's honor for the Field Of Honor and Veteran's Memorial Celebration on Friday, November 10 at Temple City Park from 10:30 to Noon.

Ronald McDonald Meals of Love next Wednesday: The theme is Turkey with the Main Meal by Dave Seltman and Cindy Vance, Salad by Ron Dorazio and Bob Rodenbucher, Bread by Matt Smith, Drinks by Steve Montesanti, and Dessert by Dawn Tarin and Kathy Perini. Driver is Ron Dorazio. Other happenings: Steve Montesanti is making progress on the bike safety program. Metro has assistance for this major project.

WELCOME LARRY MARSTON

We welcomed our newest member, Lawrence "Larry" Marston. Larry has lived in Temple City for thirteen years with his wife, Helen who is also a member of our club. He is President of the Board of Governors of the Temple City Unified School District. He attended Portland State University with a degree in Software Engineering. They have 4 children, Robert, Nicole, Kelvin, and Dillon. He is also a member of Temple City Historical Society and the Sportsmen Club. His hobbies are Ham Radio, hunting, and fishing. He is interested in serving with membership development and the barbecue. He would like to mentor the youth of our community by establishing work ethics and respect. Welcome Larry!!

STUDENTS OF THE MONTH

We welcomed three students from Longden Elementary School. The polite students were accompanied by their teacher Mr. Greg Shahoian.

Jack is 11 years old and has a brother and sister. He enjoys baseball, hunting, fishing, and camping. Jack said, "The best things about Longden Elementary are my friends, the teachers, and technology." The best thing that ever happened was throwing people out at home trying to steal home. If he could change one thing, it would be to make bad people good. If he could build one thing, it would be a mansion with a huge backyard. Personal goals are to get a hunting license, catch a fish over 35 pounds, and finish the Harry Potter series.

Justin is 11 years old and has a younger sister. He enjoys playing baseball, and Lego's. Justin said, "The best things about Longden Elementary are my great teachers, recess, and making new friends." The best thing that ever happened was going to the Dallas Cowboy's Training Camp in the V.I.P. area with his friend Andrew. They got autographs from all the players. If he could change one thing, it would be to provide shelter and food for the homeless. If he could build one thing, it would be a Lego Mansion. Personal goals are to become a great baseball player, get a black belt in Taekwondo.

Sheridan is 11 years old and enjoys playing softball, and practicing pitching and hitting every week. Sheridan said, "The best things about Longden Elementary are my amazing teachers since kindergarten to the 6th grade, the awesome Junior Olympics, and the teachers vs. the 6th grade softball game." The best thing that ever happened was getting her second dog Penny just before Christmas. If she could change one thing, it would be to stop pollution so kids with asthma could breathe better. If she could build one thing, it would be a softball stadium, like the Jane Sanders Softball Stadium, home of the Oregon Ducks. Personal goals are to pitch 60 mph, to get a academic or softball scholarship, and continue to keep her streak on being on the Honor Roll.
