NOVEMBER 14, 2017 TUESDAY 12:00 P.M. VOL. 79 NO. 7

THIS TUESDAY

Our Lt. Governor Mario Manzano will make his official visit. He will also attend our Board Meeting at 5:30 p.m. at the District Office.

LAST TUESDAY

We did not have our regular meeting at North Wood's last Tuesday. We met at the District Office to welcome the 22 new teachers and administrators to the district. A wonderful ice cream social was provided for all by Emerald Chien. Superintendent and member Kathy Perini welcomed everyone with opening remarks. Students of the Month awards were presented to Oak Avenue School and Temple City High School. Each new employee introduced themselves. The theme seemed the same for all of them. They were happy to be here teaching in our amazing District.

Dan Snell is recovering at home with family after suffering a fall in his back yard. His mind is sharp and he would love to have visitors. Dan is confined to a bed in the living room. He can carry on a conversation with you just fine. He and June have round-the-clock care. We are providing meals on Mondays. Their caregiver provides meals 5 days a week. They could use help with meals on Thursdays also. Might be good to call first.

Meal schedule for Monday's: Cindy Vance; November 13, Helen Marston; November 20, Lisa Montesanti; November 27, Cynthia Sternquist; December 4, Jerry Jambazian; December 11, Jim Robuck; December 18, Mike Lepore. Meal schedule for Thursday's: December 7, John Gera; December 14, Helen Marston.

Dan Snell was honored by State Senator Dr. Ed Hernandez at his 7th annual Veterans Service Awards. The event took place at the Baldwin Park Performing Center on Friday, November 3rd. Senator Hernandez has 12 cities in his 22nd District. Each city had an awardee. Dan could not be there for his award, but his daughter Mary Jo accepted on his behalf after a beautiful speech.

STUDENTS OF THE MONTH

We welcomed four students from Oak Avenue Interdediate School, and two from Temple City High School. The teachers from Oak were Jessica Goold, Kevin Slattery and Grant Rowe for TCHS.

Melvin is 11 years old and in Mr. Aaron Loomis' class. He enjoys drawing and swimming. Melvin said, "The best things about Oak Avenue are socializing with my friends learning new things, and lunch." The best thing that ever happened is having the most understanding and caring parents who guide him through life. If he could change one thing, it would be that everyone would be trouble free. If he could build one thing, it would be a country where there would be no wars or discrimination. Personal goals are to be like Michael Phelps, become a dentist, and be someone that everyone looks up to.

Amy is 11 years old and in Ms. Emma Zamora's class. She has an older brother and enjoys sports, cooking, and art. Amy said, "The best things about Oak Avenue are kind teachers, the food, and all the variety of sports." The best thing that ever happened was meeting her best friends at school. If she could change one thing, it would be finding a cure for cancer. If she could build one thing, it would be a device that would go around the world and give the poor food, water, and shelter. Personal goals are to get all A's, become more fit, and be at a 9.0 Advanced Reader level.

Taylor is 13 years old and in Mrs. Tran's class. She has two younger sisters and enjoys playing the violin, soccer, volleyball, marine life, science, sports, and music. Taylor said, "The best things about Oak Avenue are the extra-curricular activities, having all my friends, and the fun projects." The best thing that ever happened was learning about the World Wildlife Federation and helping endangered animals. If she could change one thing, it would be having a peaceful and happy world. If she could build one thing, it would be a device that would make endless amounts of clean water and food. Personal goals are to get straight A's, helping out in the community, and being a good sister.

Eric is 13 years old and in Mrs. Goold's class. He has an older sister and enjoys playing baseball, and video games. Eric said, "The best things about Oak Avenue are the SPIRIT, the clean campus, and the opportunities we get." The best thing that ever happened was having the Dodger's in the World Series. If he could change one thing, it would be the Dodger's winning the World Series. If he could build one thing, it would be a huge skyscraper with 24,000 levels. Personal goals are to get a 4.0 GPA, go to Cal State Fullerton, and make it to a Major League Baseball team some day.

Terrance is 17 years old and in Mr. Rowe's class. He enjoys listening to EDM music or hip hop. He also likes to play basketball with his friends. Terrance said, "The best things about TCHS are hanging out with my friends and having fun, the teachers and counselors that help me with advice, and everyone at TCHS accepts you for who you are." The best thing that ever happened was being on the track and field team because it is therapy for him. If he could change one thing, it would be the way people judge you by how you look. If he could build one thing, it would be a safe place for kids to express themselves. Personal goals are to be a better track captain and set a good example to younger kids, to do well in his classes and be a better student, and to have a positive influence on others.

John is 17 years old and in Mr. Slattery's class. He enjoys God, guns, guitar, country music, math, and fitness. John said, "The best things about TCHS are my German teacher, Mrs. Graunke, cross country, and swimming." The best thing that ever happened was becoming a Christian and accepting Jesus Christ as Lord. If he could change one thing, it would be to have a German Shepard dog. If he could build one thing, it would be a portable quantum processor. Personal goals are to earn a degree in engineering, start a family, and some day own a farm or a ranch.
