NOVEMBER 20, 2018 TUESDAY 12:00 P.M. VOL. 80 NO. 8

THIS TUESDAY

Dawn Tarin and team will lead discussion on changes to By-Laws.

LAST TUESDAY

Dr. Monica Makiewicz comes to TCUSD from Covina-Valley Unified School District where she served as director of instruction and curriculum. She taught secondary Math and English for 10 years before becoming an administrator. She holds a law degree from Southwestern University, a doctorate from University of California, Riverside and earned her teaching credential from Santa Clara University. Dr. Makiewicz's 23 years of experience in education will be invaluable as TCUSD continues to promote student success through innovative classroom learning and technology.

Dr. Makiewicz has only been with the district for four months but has already hit the ground running. Code to the Future begins in kindergarten and is the new second language. There have been many changes at the district level. The one thing that has not changed is putting our students first and creating life-long learners. Three new Board Members will be installed in December with a new Superintendent on the horizon.

Matt is announcing Ronald Mc Donald Meals of Love for December. The theme is beef with the Main Dish by Ron Dorazio and Kathy Perini; Salad by Dave Seltman and Cindy Vance; Bread by Steve Montesanti (*Gee I wonder who bakes the bread?*); Drinks by Helen Marston; Dessert by Matt Smith and Jerry Jambazian. Driving Miss Daisy is Ron Dorazio.

Ron Dorazio picked up 18 turkeys from Assemblymember Ed Chau with 13 more coming from Senator Ed Hernandez. President Cindy reported that a Oak Avenue School family will be the recipient of our monthly \$200 gift. Do you remember when Temple City did Sock-O-Rama? Key Club is asking for our help with donations of socks, underwear, toiletries for the needy. Bring to the club meeting and give to Ron.

STUDENTS OF THE MONTH

We welcomed three outstanding students from Emperor Elementary School. Accompanying the students were Emperor teacher Miss Roxanne Trieu and Principal Dr. Linda Chang.

Jeremy is 11 years old and in Miss Trieu's class. He has an older brother and enjoys sports and video games. Jeremy said, "The best things about Emperor Elementary are the teachers, recess, and physical education". The best thing that ever happened was becoming a receiver in flag football. If he could change one thing, it would be to have middle school start in the 6th grade. Personal goals are to build a machine to do his homework, get good grades, get taller by next year, and get into flag football All-Stars.

Joshua is 11 years old and in Mrs. Scanlan's class. He has two older sisters and enjoys football and the Percy Jackson series. Joshua said, "The best things about Emperor Elementary are the teachers, staff, the safe and clean campus". The best thing that ever happened was getting his dog. If he could change one thing, it would be world hunger. Personal goals are to build a machine to make any food for himself, reading at higher book levels, get better at football, and learn a new language.

Esther is 11 years old and in Mr. Giangregorio's class. She has a younger sister and enjoys drawing, reading, cooking, and math. Esther said, "The best things about Emperor Elementary are all the teachers, her friends, and the assemblies that the PTA provide and pay for". The best thing that ever happened was when her little sister was born. If she could change one thing, it would be to have people stop arguing and hurting each other. Personal goals are to have a place to relax and be at peace, get straight A's by the end of the year, improve her writing and reading skills, and to get over her fears and be confident with herself.
